Experience how networking becomes a special experience with us.

Our Rooms

BALLROOM

Ball Room

SPACIOUS. STYLISH. IMPRESSIVE

The Ball Room impresses with its clear architecture, impressive ceiling height, and state-of-the-art technical equipment. The 6-meter room height creates an extraordinary sense of space—ideal for large-scale productions and high-end events.

Your advantages at a glance

- Spacious room feel with 6 m ceiling height
- Completely blackout-capable
- Direct connection to the Forum and conference area
- Ideal for large events and complex setups
- Barrier-free access

Equipment & Technology

- White projection screen
- Acoustically effective wall cladding made of perforated sheet metal
- Rigging points for light and sound technology
- High-voltage power connections & floor outlet boxes
- Dimmable lighting system
- Floor load capacity: Porcelain stoneware ($\geq 500 \text{ kg/m}^2$ surface load, up to 1.000 kg/m^2 with load distribution)
– perfect for exhibitions or heavy setups

HARD FACTS

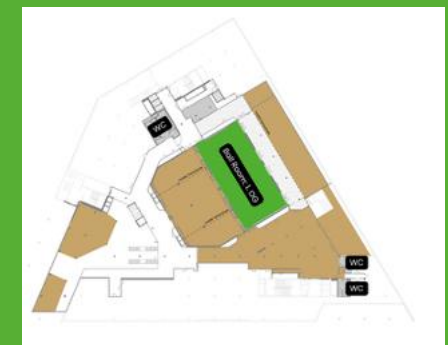

- Area: approx. 515 m²
- Ceiling height: 6 m

THE V ENUE
Events@TwentyOne

The background is a watercolor-style map with soft, blended colors in shades of beige, tan, and light brown. Overlaid on this are several thin, light blue lines representing roads or geographical features. A small, light blue square icon with a circular symbol inside is positioned on one of these lines in the upper right quadrant.
